

**JUSTEAB®**

**MEASUREMENT CHART**

**WHAT'S YOUR SIZE?**

Here's how you find out!

- 1 Print out this chart.
- 2 Take off your shoes and socks.
- 3 Stand up and put your bare foot on the chart.
- 4 Measure yourself! If you have a wide foot, it will fall on or past the grey lines.

**REGULAR**

Our standard B fit. Designed with regular room across the footbed, ball of the foot and instep.

**WIDE WIDTH**

Designed with extra room across the footbed, ball of the foot and instep (about .1.2 cm/0.5" additional width). Wide width boots also feature around 5.08 cm/2" more in the calf circumference.

Print this page on 21.59 cm/8.5" x 27.94 cm/11" paper at 100% full size (do not shrink, scale or fit)

Place a credit card here to make sure it fits in the space.

You are wide width, if your foot touches this line.
